FOR IMMEDIATE RELEASE:

Holley to Attend Executive Leadership Training

Mt. Sterling Elementary Principal, Brandy Holley, has been selected to participate in the Kentucky Chamber Foundation's Leadership Institute for School Principals. Mrs. Holley will begin a year-long executive level leadership training course usually reserved for the nation's top CEOs. The program is customized to meet the specific leadership development needs of school administrators and is a partnership between The BB&T Leadership Institute and the Kentucky Chamber Foundation.

Mrs. Holley will be attending classes this summer at The BB&T Leadership Institute in High Point, North Carolina. She is one of 40 selected principals representing both private and public elementary, middle and high schools from across the state.

"I am honored and grateful to have been selected to participate in the Leadership Institute for Principals," said Holley. "I look forward to collaborating with other Kentucky leaders and the BB&T Leadership Institute to learn new ideas and to build my own capacity as a school leader."

Mrs. Holley has 16 years of experience in education, serving all but one year with Montgomery County Schools. She has served in different positions including teacher and assistant principal, and has just completed her fourth year as Mt. Sterling Elementary Principal.
