FOR IMMEDIATE RELEASE:

Montgomery County Board of Education Celebrated!

Throughout the month of January, administrators, faculty, staff, students and community members of the Montgomery County school district are publicly thanking and celebrating the system's elected board of education members during Kentucky's observation of School Board Recognition Month.

"It is a time-intensive role that does not get as much recognition as it deserves," Superintendent Dr. Matt Thompson said. Noting the large number of hours that the school board members spend in carrying out their duties, he went on to express, "Our five board members put in the time and effort because they care about our students, staff, schools, and community very much. January being School Board Recognition month offers a great time to celebrate their commitment to Montgomery County Schools!"

Board Chair Mrs. Alice Anderson, Board Vice-Chair Mr. Bill R. Morgan, and Board Members Ms. Carmela Fletcher-Green, Dr. Dan Freeman, Mrs. Sharon Smith-Breiner, are among the 850-plus school board members being saluted in the state's 173 local school districts. Their jobs require an understanding of many different topics and subjects, including but not limited to, academic standards, achievement gaps, college and career readiness, school safety, athletics and extracurricular activities, and policies and procedures.

"This is the perfect time to thank school board members for serving in a role that has become increasingly complex," said David Webster, president of the Kentucky School Boards Association and chairman of the Simpson County school board. During the month of January, please join us in recognizing and celebrating our Montgomery County School Board members.
